

EDUCATION	
Sapienza University of Rome	Rome, IT
MSc in Computer Science specializing in Computer Vision	
University of Salerno, Faculty of Computer Science	Salerno, IT
BSc in Computer Science	
PROFESSIONAL EXPERIENCE	
Technology Reply	Turin, IT
Computer Vision Consultant	(May 2025 - Present)
- Designed and deployed 2D and 3D computer vision solutions, enabling automation and real-time monitoring across industrial environments. - Developed and optimized point-cloud processing workflows, including 3D reconstruction, geometric feature extraction, and object localization to enhance spatial accuracy and robustness in industrial automation systems. - Delivered scalable, production-ready AI pipelines, translating operational requirements into integrated solutions that improved process efficiency and system reliability.	
Thales Alenia Space	Rome, IT
Computer Vision Researcher and Developer	(Sept 2024 - Feb 2025)
- Developed and implemented a real-time 6D Pose Estimation system for on-site Smart Operators via MR Headsets, accelerating satellite assembly processes by 35% in a real-world industrial scenario. - Designed and engineered a Synthetic Data Generation pipeline (producing 10,000+ annotated images/3D scenes) to support data-efficient learning and experimental reproducibility. - Took a lead role in the development of project improvements, training materials and hosting best practices sharing sessions for a team of 20 Aerospace Operators.	
Sapienza University of Rome	Rome, IT
Teaching Assistant	(Sept 2023 - May 2024)
- Provided hands-on tutoring and technical guidance to 100+ students, enhancing practical understanding of core computing and AI concepts. - Awarded a competitive collaboration scholarship to support laboratory activities for undergraduate courses in Applied Computer Science and Artificial Intelligence.	
University of Salerno	Salerno, IT
Computer Science Faculty representative	(March 2020 - March 2022)
- Coordinated Bachelor's and Master's Computer Science programs by collaborating with departments and faculty on course planning, syllabus updates, and class/exam scheduling to ensure efficient and well-structured teaching activities. - Supported students by addressing academic needs, providing guidance, and representing their interests within the Teaching Council to foster an inclusive and effective learning environment.	
VOLUNTEER TEAMWORK AND SERVICE	
IGDA Italy Co-Founder & Event Manager	Italy
- Founded the regional chapter to bridge the gap in Southern Italy's tech scene, establishing a dedicated local ecosystem for developers. - Managed a nationwide Discord community, driving continuous networking and growing the user base by 40% in one year to reach over 2,000 active members. - Supported the organization and coordination of 15+ national game development events, fostering collaboration within the Italian video game industry.	
CoScienze Association - Founding Member & Executive Board Member	Italy
- Co-founded the student association and directed a 7-member executive board to manage daily operations and strategic planning. - Delivered academic guidance, peer support, and networking programs, successfully building a community of 1,000+ Computer Science students at the University of Salerno.	

SKILLS AND INTERESTS	
Professional Skills	Language Skills
- Python, OpenCV, PyTorch, Open3D, PySpark, C#, C++, Solidity, HTML5, CSS, SQL, React, Node.js, - NVIDIA Omniverse, CUDA - Unity, Blender - Github, GitLab, Bash Linux, Docker, AWS - Microsoft Excel, PowerPoint, Word	- Native language level in: Italian - Professional fluency in: English (C1)
